

## **MOVING ON PROJECT: SCHEDULE TWO: AIMS OF PROJECT AND SUPPORT AVAILABLE TO YOU**

### **AIM OF PROJECT**

The aim of the project is to provide suitable and appropriate accommodation for those leaving custody with no address. Others can be considered if they meet specific criteria and are in need of accommodation. The project will support young people to avoid offending behaviour and make positive choices. We will ensure young people engage with a range of agencies that will help them address their individual needs and difficulties.

### **SUPPORT AVAILABLE**

The accommodation is only available to you on the basis that you accept the support services provided.

We will introduce you to the accommodation and undertake an induction programme.

You will have support / appointments most days and some of these will help you to develop independent living skills, such as cooking, cleaning, budgeting and shopping.

You will receive support to claim appropriate benefits.

We will also help you find appropriate education/training/employment as well as developing positive interests.

We will support you but you must comply with all appointments related to bail / licence / statutory supervision.

You must accept courtesy visits from the local Police.

You must comply with health and safety matters as outlined in the 'occupancy agreement'. This includes you are not allowed to have or display any offensive weapons in the property.

You must accept at least two sessions of out of hours support each week. You will be notified when these will take place. You need to be aware that in addition you may receive unannounced visits.

You will have a specific worker to support you and you can contact them if you have any problems.

We will offer appropriate out of hours support and guidance.

The Moving On project will help you find suitable long term accommodation.

**We will continue to offer support for up to three months after you have left Moving On accommodation.**
