

# Diversion Service

Support for you  
and your family

## What is the Diversion Service?

Diversion is a service that helps you and your family after you have admitted a crime to the police.

Usually the police will give you a Community Resolution, this stops you getting a criminal record

Then you will be asked 'Do you want to work with the Diversion Service?' It is up to you if you want to work with us (it is your choice)

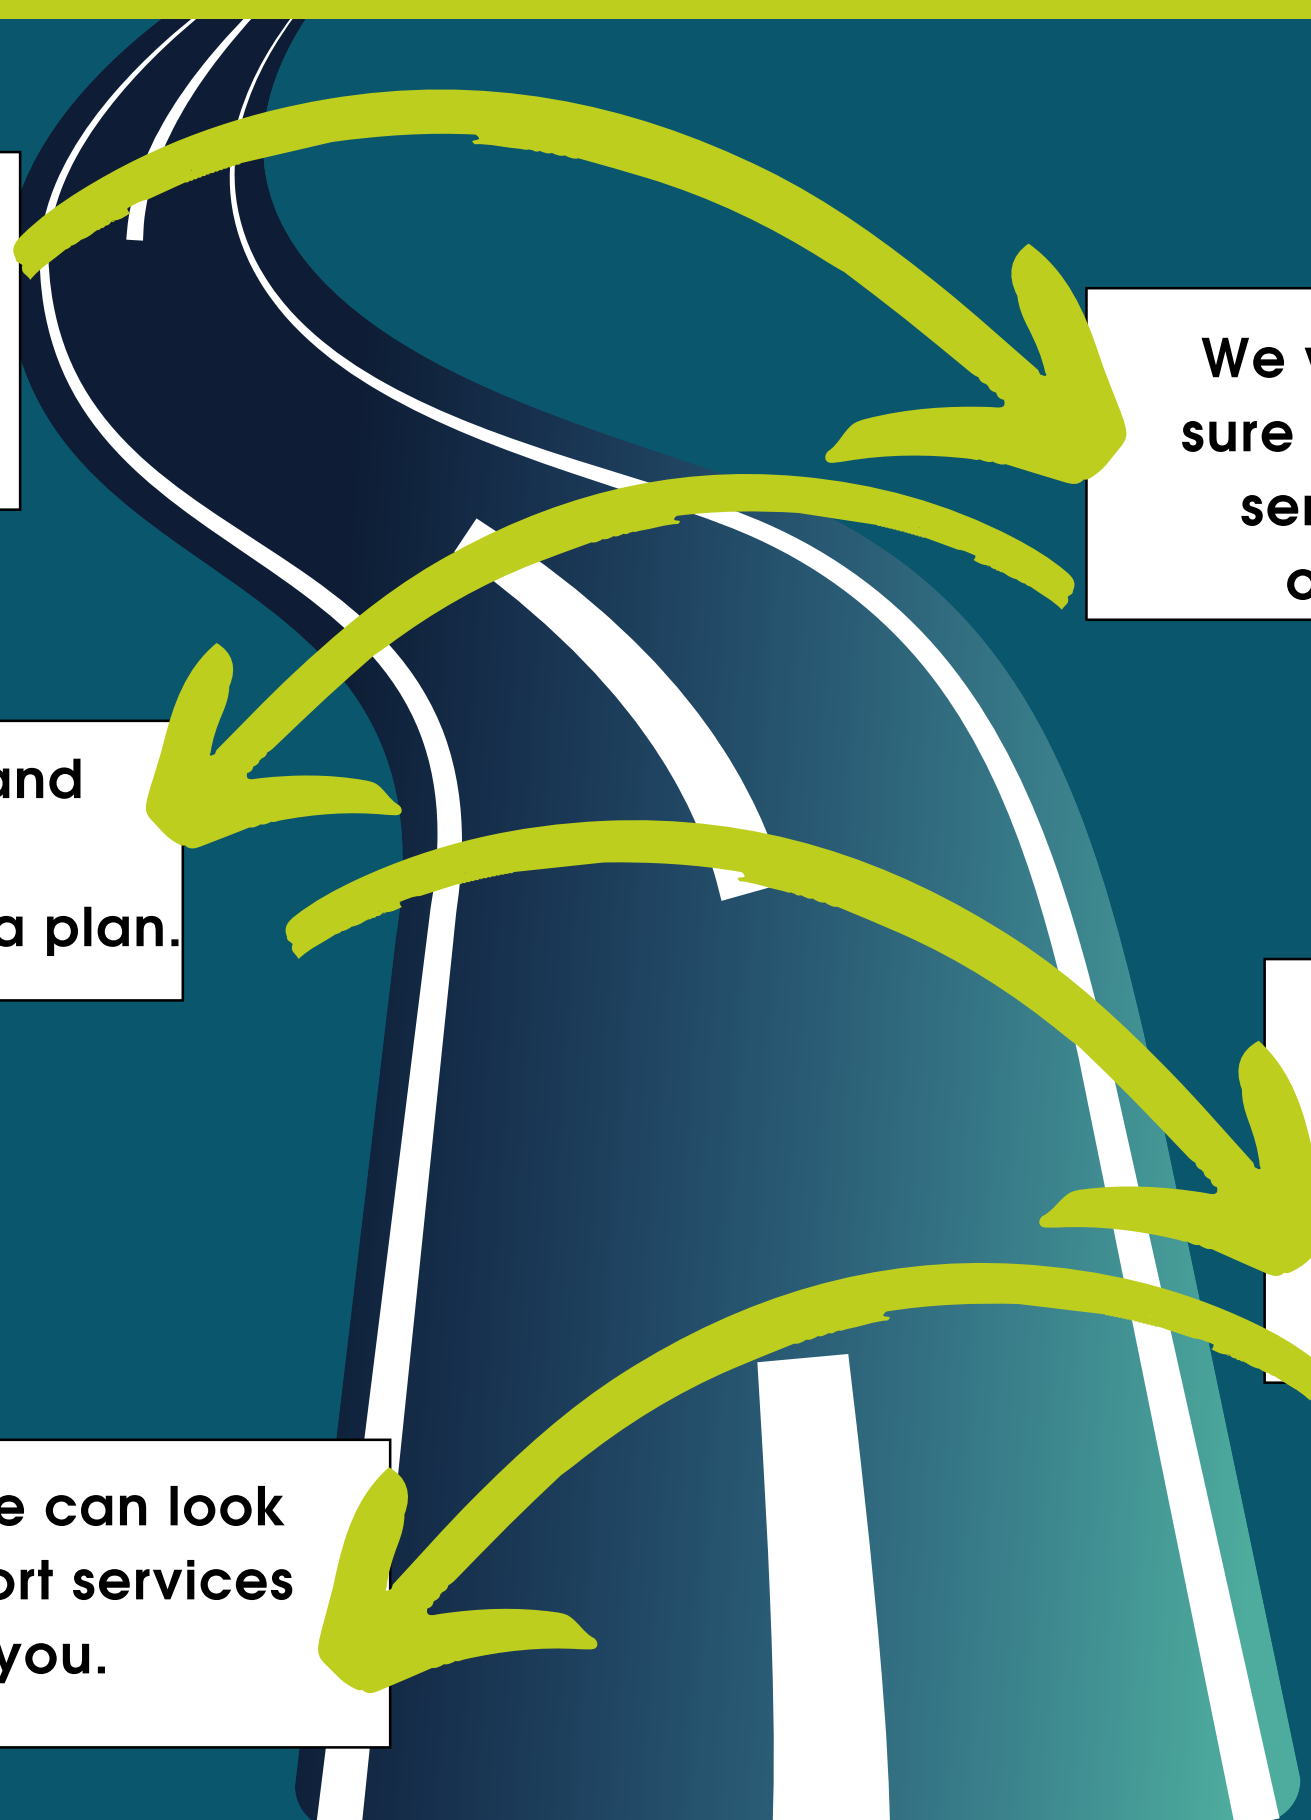

The police will ask you and your parent/carer if you would like help from the diversion service after a crime.

We will look to make sure that the Diversion service is the best option for you.

We will meet with you and your parent/carer and together we will make a plan.

We will work with you on your plan. You can change your mind at any time.

Moving on, we can look for other support services to help you.

## We Will :

**1**

Support you

**2**

Listen to you

**3**

Involve you in decisions

**4**

Help you fix any harm caused

**5**

Build on your strengths to have a positive future
